The image shows the front cover of a book. The cover is decorated with a marbled paper pattern. The pattern consists of large, irregular, dark blue-green patches separated by a network of thin, branching veins in shades of reddish-brown and yellowish-tan. The overall effect is reminiscent of stone or biological tissue. In the center of the cover is a rectangular, cream-colored label with a thin black border. The label contains text in a serif font, arranged in several lines. The text reads: "This Book is Preserved" in a bold, slightly larger font; "BY THE" in a smaller font; "EMERY" in a medium-sized font; "Patent Silk or Tissue Process." in a medium-sized font; "Patent Granted June 2d, 1896." in a smaller font; and "F. W. R. EMERY," in a medium-sized font, followed by "TAUNTON, MASS." in a smaller font on the next line.

To the Town Clerk of the town of Weston

This is to Certify that the following persons who were returned to your town were undoubtedly residents of this town (then called Western) at the time of said marriages, as their publications are recorded here.

The above is a copy of Certificate from Samuel E. Blair Town Clerk
 of Warren Dated March 29. 1884 as to Noah Ashley & Mrs Miriam Porter
 Feb. 16th 1747 - William Marris and Gabel Hamilton 1770
 Roland Blackman and Ruth Whitney Dec. 7 1780
 which has been placed upon records

NOTED

Weston 15th March 1892

Dear Sir.

Among the marriage records erroneously returned to Weston under the provisions of the act of 1857 is the following from Newton which I think should have been sent to Warren.

"The Rev^d m^r Isaac Jones of Western & Mrs Elizabeth Fuller of Newton were married May 15th 1749 by the Rev^d m^r John Cotton."

In verifying my copy of Weston records (made some years since) my attention has been called to the "above" &

Should you find my opinion in the matter correct, will you please send a certificate to the town clerk of Weston as to said Jones belonging to Warren then (1749) Western and much oblige

Very truly Yours

Frank W. Bigelow

The Town Clerk of
Warren Mass.

met upon a Journment to Receive and Consider
of the Committee Report with respect to making a
Return to the present house of Representatives whether
they shall proceed to make a Constitution and form of
New Government if not to offer the reason why

(1) put to vote whether the town would give their
Consent that the present house of Representatives
of this State of the Massachusetts Bay together with
the Council if they Consent in one body with the
house by Equall voice should agree on and enact
a Constitution and form of Government for this
State as the sd house and Council on the 18th

Deliberation shall Judge with most Candor to the
Safety peace and Happiness of this State in all
after Successions & generations and if they should
Direct that the same be made publick for the
Inspection and perusal of the Inhabitants be-
fore the Ratification thereof by the Assembly
which passed in the negative

(2) Voted that the following Reasons be given for
not giving their Consent that the D house and Coun-
sell should agree on & enact a Constitution and
form of Government for this State &c

Reason (1) viz we apprehend that this State has
not at this day a Just and Equil Representation
by Reason of there being a multiplicity of members
in some parts of this State by ~~Reason~~ of a Law
which was made the year past which made a Con-
siderable Change in the Constitution which we
Apprehend that the body of the people had as good a
right to have had their voice in as the setting up a
Constitution at this day -

2) that a very Considerable part of the Inhabitants
of this State are now in the Continentall Army to
Defend us against our (Real and unnatural Enemy
which has as good a right to have their voice ^{in our} as we
which ^{are} ^{form of Government} ^{now} at home

(3) That we apprehend that the setting up a Constitu-
tion and form of Government will have a tendency
to Create divisions & Animosities amongst our
Selves which may have very fatal Consequences
at this Critical & difficult Day
Turn over

(4) that we Apprehend this present Court will have as much business as they will know how to attend to of Greater Importance —

In Congress July ye 4th 1776

Of Declaration by the Representatives of the
United States of America ~ ~ ~ ~ ~
In general Congress ~ ~ ~ ~ ~ Assembled

When in the Course of human Events it becomes
necessary for one people to dissolve the political
bands which have connected them with another
and to assume among the powers of the Earth the
separate and equal Station to which the Laws of nature's
God entitle them a decent Respect to the opinions of
mankind requires that they should declare the causes
which impel them to the Separation ~ ~ ~ ~ ~

We hold these truths to be self Evident that all men are
Created Equal that they are Endowed by their Creator
with certain unalienable Rights that among these are
Life Liberty and the pursuit of Happiness:—that to secure
these Rights Governments are instituted among men—
Deriving their just powers from the Consent of the Governed
that whenever any form of Government becomes destruc-
tive of these Ends it is the Right of the people to alter
or to Abolish it and to Institute new Government Laying
its foundation on such principles and organizing its powers
in such form as to them shall seem most likely to effect
their Safety and Happiness: Prudence indeed will dictate
that Governments long Established should not be changed
for Light and transient Causes: and accordingly all experience
hath shown that mankind are more disposed to suffer
while evils are sufferable than to right themselves by abol-
ishing the forms to which they are accustomed: But when
a long train of abuses and usurpations pursuing in va-
riably the same Object evinces a design to reduce them
under Absolute Despotism it is their Right: it is their duty
to throw off such Government and to provide new Guards
for their future Security: Such has been the patient—

Patient Sufferance of these Colonies: and such is now
the necessity which Constrains them to alter their former
systems of government: the history of the present King of
great Britain is a History of repeated Tyrannies in various
forms all having in direct object the Establishment of an
absolute Tyranny over these States: To prove this: Let facts
be submitted to a Candid world ~ ~ ~ ~ ~

He has refused his Assent to Laws: the most wholesome and
necessary for the publick Good ~ ~ ~ ~ ~

He has forbidden his Governors to pass Laws of immediate
and pressing Importance unless suspended in their operation
until his Assent should be obtained and when so suspended
he has utterly neglected to attend to them ~ ~ ~ ~ ~

He has refused to pass other Laws for the Accommodation of
large districts of people unless those people would relinquish
the Right of Representation in the Legislature a Right
inestimable to them and formidable to tyrants only ~ ~ ~

He has called together Legislative Bodies at places unusual
uncomfortable and distant from the Depository of their pub-
lick Records for the sole purpose of fatiguing them into
Compliance with his measures ~ ~ ~ ~ ~

He has dissolved Representative Houses repeatedly for opposing
with manly firmness his invasions on the Rights of the people

He has refused for a long time after such dissolutions to
cause others to be elected: whereby the Legislative powers capa-
ble of Annihilation have returned to the people at large
for their Exercise: the State remaining in the mean time
exposed to all the Dangers of Invasion from without and
Convulsions within ~ ~ ~ ~ ~

He has endeavoured to prevent the population of these States
for that purpose obstructing the Laws for naturalization
of foreigners refusing to pay others to encourage their
emigrations hither and raising the Conditions of new appor-
tations of Lands ~ ~ ~ ~ ~

He has obstructed the Administration of Justice by re-
fusing his Assent to Laws for Establishing Judiciary
Powers ~ ~ ~ ~ ~

He has made Judges dependent on his will alone for the
turn over { Senate

Tenure of their officers and the amount and payment
 of their salaries
 He has erected a multitude of new offices and sent hither swarms
 of officers to harass our people and eat out their substance
 He has kept among us in times of peace standing Armies
 without the Consent of our Legislatures
 He has affected to render the military independent of and
 superior to the civil power
 He has combined with others to subject us to a Jurisdiction foreign
 to our Constitution and unacknowledged by our Laws
 giving his Assent to their Acts of pretended Legislation
 for quartering large Bodies of troops among us
 for protecting them by a mock trial from punishment for any
 Murders they Commit on the Inhabitants of these States
 for cutting off our Trade with all parts of the world
 for imposing Taxes on us without our Consent
 for depriving us in many Cases of the benefits of Trial by Jury
 for transporting us beyond Seas to be tried for pretended offences
 for abolishing the free System of English Laws in the Neighbourhood
 of Province establishing therein an arbitrary government and enlarging
 its Boundaries so as to render it at once an Example and fit
 Instrument for introducing the same absolute Rule into these
 Colonies
 for taking away our Charter abolishing our most valuable
 Laws and altering fundamentally the forms of our Government
 for suspending our own Legislatures and declaring themselves invested
 with power to legislate for us in all cases whatsoever
 he has abdicated Government here by declaring us out of his pro-
 tection and waging war against us
 he has plundered our Seas ravaged our Coasts burnt our Towns
 and destroyed the Lives of our people
 he is at this time transporting large armies of foreign mercenaries
 to complete the works of death desolation and tyranny already begun
 with Circumstances of Cruelty and perfidy scarcely paralleled in the
 most barbarous Ages and totally unworthy the head of a civiliz-
 nation
 he has constrained our fellow Citizens taken Captive on the high
 Seas to bear arms against their Country to become the Executioners
 of their friends and brethren or to fall themselves by their hands
 he has excited domestic insurrections amongst us and has
 endeavoured to bring on the Inhabitants of our frontiers the
 merciless Indian Savages whose known Rule of warfare is
 an undistinguished destruction of all ages sexes and conditions
 In every stage of these oppressions we have petitioned for
 redress in the most humble terms our repeated petitions have
 been answered only by repeated injury a prince whose Character
 is thus marked by every act which may define a tyrant —

a Tyrant is unfit to be the Ruler of a free people 291
Nor have we been wanting in attention to our British Brethren
we have warned them from time to time of attempt by their
Legislature to Extend an unwarrantable Jurisdiction over us
we have reminded them of the Circumstances of our Emigra-
tion and Settlement here we have appealed to their native jus-
tice and magnanimity and we have Conjured them by the
Ties of our Common Kindred to disavow these usurpations
which would inevitably interrupt our Connections and Correspon-
dence they too have been deaf to the voice of Justice and of
Consanguinity we must therefore acquiesce in the necessity
which denounces our Separation and hold them as we hold
the Rest of mankind Enemies in war in peace friends

We therefore the Representatives of the United States of
America in General Congress assembled appealing to the
Supreme Judge of the world for the Rectitude of our Intentions
do in the name and by the Authority of the Good people of these
Colonies solemnly publish and declare that these United
Colonies are and of right ought to be free and Independent
States that they are absolved from all Allegiance to the Brit-
ish Crown and that all political Connection between them
and the State of Great Britain is and ought to be totally
dissolved and that as free and Independent States they have
full power to Levy war Conclude peace Contract alliances
Establish Commerce and to do all other Acts and Things
which Independent States may of Right do and for the Support
of this declaration with a firm Reliance on the protection
of divine providence we mutually pledge to Each other
our Lives our Fortunes and our sacred Honour
Signed by order and in behalf of the Congress -

A General Meeting of the Inhabitants of the Town
Held on the 17th day of January 1774 The Inhabitants
Said Town taking into Consideration the plan or
project of introducing Tea into the Colonies by
virtue of a late act of the British Parliament to be
disposed of by Commissioners appointed by the East
India Company Subject to the payment of a duty
in America and a thin act, of the like nature
are of opinion that they are a very great infring-
ement on their rights and prerogatives threaten
them with bondage & Slavery.

1st Resolved that the disposal of their own property
is the inherent right of freemen and cannot
be taken from them without their consent
2^d Resolved that the duty imposed by parliament
on Tea landed in America is a tax on the
Americans, without their consent therefore unjust
and unconstitutional 3^d Resolved that it is their
opinion that the said parliament have as just-
a right to tax their Houses, Land, & Co as to
impose a duty on Tea payable in America and
of the duty on Tea and other things of the same nature
should be quietly submitted unto we have no reason
to expect that in a short time our Houses,
Land, & Co will be taxed which will reduce us
to the greatest degree of bondage and Slavery.

4th Resolved that it is the duty of every American habitant
to oppose said plan and every other artifice of the
like nature 5th Resolved that we will not tamely
be encouraged or promote the consumption of any such
Tea whatsoever Subject to a duty in America But all
persons who shall be concerned in the use of
the same shall be viewed by us as Enemies to their
Country and treated as such 6th Loyalty and true
Allegiance to His Majesty King George the third we
heartily and sincerely profess and will yield a clear
full and ready obedience to all his just Laws and
Constitutional Government with our Mother Country we wish man-
ifestly that we shall be no more

our just rights & privileges for which we
do further evidence the greatest hardships on
many of them sacrifices their lives we cannot
give up and submit to be loadmen and slaves
but are determined to defend with the greatest
vigour & resolution which is as we apprehend almost
the universal sentiment of every freeman in America
The foregoing Resolutions being several times read in town
meeting the same was voted and accepted Resolved
also voted that the above Resolutions and proceedings of
this town be recorded in the Town Book and a copy
thereof be transmitted by the Town Clerk to the Committee
of Correspondence in Boston Simon Swight's Clerk

Northborough, May 10, 1836.

Dear Sir, We think you, or any of your people, have received
any communication, from persons in the town,
requesting your assistance in attempts to suppress
sinful customs and particularly the profanation of the
Sabbath, we know not. (But we have the satisfaction
to inform you, that the inhabitants of the town of
Northborough, assembled on the 9th of April 1836,
voted, almost unanimously, to cooperate with other
towns in taking measures to prevent travelling
on the Lord's day, and chose five respectable citizens
men for the purpose, two on the south road, leading
to Southborough, and two on the road, leading to North-
borough, and one other near said road. The town
also chose three subscribers to correspond with com-
mittees in other towns on this important and
interesting subject. We are happy to find, that in
consequence of the movements already made, and
the exertions of Lythington and others in compliance
check has been given, in various instances, to persons
travelling on the Sabbath, which may well encourage the
friends of religion and order to continue their efforts
in this cause, whence we may hope that in a short
time, a restrictive step will be put to this sinful and
provisional practice of profaning the Sabbath.

Permit us to suggest, whether it were not best to
to instruct our senators and representatives in the
General Court, whom it may be proper to employ on
such an occasion, to use their influence to have the
law respecting the due observance of the Sabbath
reviewed, and such alterations made therein, as
in their wisdom, may be thought calculated to
facilitate the great object of that statute. And
in particular, to give the complainants the fines
incurred by any breach of that act, instead of
their going, as now, to the Commonwealth, or one
half to the complainants, and the other half to the
towns, where the offences are committed.

This letter you will communicate according
to your discretion, and any communication from
you, or us, or from any committee upon this sub-
ject, will receive ready attention.

Yours truly,
J. Sumner.

From your friends and household servants
